

## POSITION ANNOUNCEMENT

**DATE:** August 23, 2017

**POSITION TITLE:** Electrical Lineworker Technology Adjunct Faculty

**INSTITUTION:** Kennebec Valley Community College (KVCC) is a 2-year comprehensive community college in the center of Maine serving approximately 2400 students from Somerset, Kennebec, and Knox counties and well beyond. In 2014, KVCC expanded its Fairfield-based operation to include a new 600-acre Harold Alfond Campus in Hinckley, Maine. Over the past three years, KVCC has invested nearly \$30 million in college programs, infrastructure, and buildings including construction of the new KVCC Center for Science and Agricultural Education, the 120-acre organic farm at KVCC (including education facility, vegetable processing center, equipment, implements, systems, soils, livestock, greenhouses, shelters, fields), a new state-of-the-art culinary arts facility and demonstration kitchen, the largest carpentry lab in the northeast, an indoor electrical lineworker training facility, two medical simulation labs, an early childhood outdoor family education lab, a CNC machine tool lab, a welding lab, and many other important updates including a vast overhaul of IT equipment, software, and computers. KVCC's new Alfond Campus and the revitalized Fairfield campus offer an unparalleled environment for inspiring new academic energy and innovative thinking. KVCC is a collegial environment emphasizing student success and respect for employees, students, and the community.

**SALARY:** Salary and benefits commensurate with the Agreement between the Maine Community College System and the MSEA Adjunct Faculty Bargaining Unit.

**QUALIFICATIONS:** The successful applicant will have a broad knowledge of construction work and maintenance in the electric utility industry. This includes all aspects of work found in the lineworker industry, to include: safety, climbing, operating bucket and digger trucks, line construction, construction standards, setting poles, rigging framing poles, wire string operations, and installing single and three phase transformers. Candidates must have good computer skills.

**RESPONSIBILITIES:** The Electrical Lineworker Adjunct Faculty position will assist the program coordinator and one other adjunct in supervising and teaching students the basic skills required to become proficient as entry level lineworkers. It is expected that all student instruction will have safe work practices as the primary focus. Adjuncts will also help develop, administer, and correct student evaluations. Other duties as determined by the Electrical Lineworker Technology program director will be assigned as needed.

**APPLICATION PROCEDURE:** Initial review of applications will begin immediately and will continue until the position is filled. Submit the following: cover letter, resume, **official** transcript of highest degree earned, and the KVCC Application for Employment (visit: <http://www.kvcc.me.edu/employment> and download form) to:
