

SOLAR INSTRUCTOR TRAINING NETWORK WORKSHOP

Best Practices for Solar PV Instruction

April 16 & 17

Massasoit Community College, Canton, MA

9am to 4pm Thursday 9am to 3pm Friday

This workshop will bring together Solar Instructor Training Network (SITN) instructors and administrators to share ideas and learn best practices for teaching solar PV technology

Highlights of the program:

- Coffee and networking at 8:30am both mornings
- 'Best Practices in **Integrating Solar PV into Curricula**' presentations from instructors and panel discussion
- **Hands-on training** on advanced PV topics—O & M and NEC updates—using equipment from the KVCC mobile solar lab
- Joe Sarubbi, **manager of the national SITN program** will talk about the future of solar PV and best practices to prepare students to enter the field

This workshop is for instructors and administrators from SITN participating institutions

Lunch will be served each day

Workshop is free of charge

Please RSVP by April 1 by e-mailing Amy Hudnor at ahudnor@kvcc.me.edu. E-mail or call Amy with any questions. 207-453-5813
