

Sustainable Construction Advisory Committee

AGENDA for Monday 1 May 2017

8:00 AM – 8:10 AM – Welcome and Introductions

8:10 AM – 8:20 AM – Program Updates

8:20 AM – 8:40 AM -- Break Out Groups

Discussion Topics

1) What revisions to the program of study would make it even more relevant and marketable after the grant ends? This could be in the form of additions or subtractions of courses, rearranging course order, or whether to broaden or narrow specific topical areas. Keep in mind the generalist nature of this program and multiple career pathways that may develop for students.

2) What could we do to make the program better recognized by industry? There are many certifications and credentials we could incorporate into the program. What do we choose and where do we fit it in?

8:40 AM – 9:00 AM Group Discussion

9:00 AM – 9:05AM Open Agenda

9:05 AM – 9:10AM Wrap up and Next Year

9:10 AM – 9:30 AM Visit to Woodshop and Meet Students (optional for those that have to leave early)
